S PRICE THREE CENTS

FIVE MEASURES ARE PASSED. TO STRENGTHEN RENT LAWS AND RELIEVE TENANTS HERE

One Empowers Courts to
Put Summary Stop to
Dispossession Proceedings.

TIME ALLOWED TENANT.

Another Measure Designed to
Aid Financing Homes—
Judges to Stay Warrants.

ALBANY, Sept. 23.—Under emergency messages from the Governor, the Senate to-day passed five of the series of bills carrying out recommendations of the Joint Housing Committee which are designed to strengthen the rent laws enacted at the regular 1920 session of the Legislature.

All five bills were passed later by the Assembly and sent to the Governor.

One of the bills approved gives courts permission to stay warrants on appeal from final orders in summary proceedings.

Another lengthens the time within which a precept in a summary proceeding to recover possession of real property must be made returnable from five to ten days, and requires that the precept must be served at least five days before it is returnable instead of two, under the existing law.

A third makes a farmer, manager, agent, superintendent or janitor who wilfully violates the terms of leases requiring the furnishing of water and other facilities guilty of a misdemeanor.

The fourth permits the State and municipalities or other political subdivisions of the State to invest their sinking and trust funds in bonds of the State Land Bank.

Another bill gives to the courts the power to vacate them if such action is deemed advisable.

The Senate to-day concurred in the action of the Assembly in adopting three resolutions calling upon Congress and the Federal Trade Commission to aid in the solution of the housing situation.

The resolutions provide:

That the Federal Trade Commission be urged to investigate into the alleged conspiracy to fix building material prices.

That Congress place an embargo upon the exportation of building materials and that the transportation of building materials be given priority over all freight, except food and coal.

That Congress investigate alleged combinations to limit production and keep the price of building materials at the present high level.

The McWhiney resolution, already adopted by the Assembly, requesting Congress to exempt mortgages from the provisions of the Federal income tax, was laid on the table at the request of Senator F. M. Davenport.

M'SWINEY STARTS 42D DAY OF FAST; NOT MUCH CHANGE

Had a Few Hours of Sleep But
Suffers Severely and Is
Very Weak.

LONDON, Sept. 23.—Lord Mayor MacSwiney of Cork had a few hours of restful sleep last night, but was suffering severe pain in his head and was very weak this morning, according to a bulletin issued by the Irish Self-Determination League at Brixton Prison.

Reports to the Home Office by the prison physician stated there was no apparent change in the condition of MacSwiney. This is the forty-second day of the Lord Mayor's hunger strike.

Word comes from Cork to the Daily News that the eleven hunger strikers in the county jail there show little change.

The prison doctors were asked what, in their opinion, was keeping the men alive. Their reply was summed up in two words: "Good nursing."

As any variation of temperature involves a loss of heat, the greatest care is being taken in the first place, to keep the patients warm. Oil stoves of a very efficient pattern have been placed in the wards so that the air may always be at exactly the right temperature for breathing. The men are surrounded by hot water bottles that are constantly replenished.

The patients have been moved to new beds of the most comfortable type and water beds have been made ready in case soreness of body should develop. Under these artificial conditions hardly any loss of bodily heat can take place.

The prisoners now spend the whole time in a state of mental and physical lethargy which makes it difficult to estimate their decrease in strength from day to day. They seldom speak above a whisper, but are able to indicate when they are in pain. Then they receive treatment by massage for which the nurses use a few drops of oil as a lubricant.

In the opinion of the doctors the amount of oil absorbed by the system through the skin is negligible.

HARDING SEES NO IRISH HOPE IN THE LEAGUE

Independence of Erin "Not a
Question for Official
America," He Says.

WASHINGTON, O., Sept. 23.—DECLARING the Irish problem is "not a question for official America," Senator Harding said in a statement to-day that in his opinion the movement for Irish independence would be under the League of Nations, a subject entirely "internal or domestic."

The Republican nominee said that America already had "incited abroad excessively without invitation," and asserted that official consideration of this Government was quite another thing from an expression of sympathy.

WAVE OF PRICE CUTTING STARTS THROUGHOUT U. S.

Big Mail Order Houses Come
Down 10 to 20 Per Cent.
In New Lists.

MOVE TO REDUCE FOOD
Hotel and Restaurant Men
Asked to Explain; Public
Using Lunch Boxes.

CHICAGO, Sept. 23.—Price cuts of from 10 to 20 per cent. on many lines of merchandise are shown in newly issued catalogues of Sears, Roebuck and Company, and Montgomery, Ward and Company.

Tidings, cambric, sheetings and poplins led the list of staples reduced by the two large Chicago mail order houses. Cuts in men's and women's clothes also were announced. Standard dress goods, reduced in price, will not go back to high levels, officials of the companies said.

Reductions of 25 per cent. in furniture were announced. "Furniture was proffered to death," O. W. Goss of Montgomery, Ward & Co. said. Shoe prices also were cut.

Prices of food were not affected, but the announcement said sugar would tumble following the annual canning season.

CARRY YOUR LUNCH URGED IN CHICAGO IN WAR ON PRICES

Managers of Large Hotel and Chain
Restaurants Called to City
Hall to Explain.

CHICAGO, Sept. 23.—Managers of one large hotel and three chain restaurant systems were summoned to the City Hall to-day to explain their restaurant prices to the Council Committee on Living Costs.

Simultaneously Russell Poole, Secretary of the City Food Bureau, urged all downtown workers to carry their lunch until prices come down, and announced that milk would be delivered to the City Hall and sold direct to employees for 10 cents a pint.

Investigation of restaurant prices showed profits of several hundred per cent., Mr. Poole said. Among the items he listed, the first figure showed the restaurant price and the second figure the cost, are:

Corn, 15 to 20 cents, 2 to 4 cents;
Tomatoes, 25 to 50 cents, 2 to 3 cents;
Coffee, 5 to 25 cents, 2 cents.

HE WANTS \$10,000 FOR HIS LEFT EAR

Buffalo Man Offers It to Cuban
Planter Who Is Here Looking
for One.

BUFFALO, Sept. 23.—To the age-old proverb, "An eye for an eye and a tooth for a tooth," a Buffalo man would add, "And an ear for \$10,000."

The man is Jean D. Brauer, in a letter to Frank S. Quesada, son of a Cuban planter, who announced in New York City that he would trade \$10,000 for an ear so he might more effectively prosecute his courtship, Brauer writes.

"Kindly consider me an applicant willing to surrender my left ear, which will make it possible for me to acquire an education I have been seeking. The education I am seeking will be of more substance, which will aid me in upholding mankind."

TAG NO. 6869 ON HORSE KILLED IN WALL ST. BLAST MAY HELP TO SOLVE PLOT

Animal Belonged to Ice Cream
Company in 1918—Tracing
Latest Ownership.

WAS SOLD TO A DEALER.
Suggestion That Explosion
Was an Accident "Plain
Bunk," Says Flynn.

New York Health Department, Tag No. 6869, a tiny strip of aluminum an eighth of an inch wide, clamped into the left ear of the horse which was blown to pieces in the explosion between the Morgan banking house and the U. S. Assay Office last Thursday, is the clue to which the investigators of the catastrophe attached the utmost importance to-day.

When the tag was issued in 1918 the horse belonged to the Reid Ice Cream Company, Waverly Avenue, near Fulton Street, Brooklyn. Every fall at the end of the ice cream season, according to W. J. Wedler, President of the company, the company sells to horse dealers its least desirable animals, usually arranging to take in exchange and for cash better horses the following spring. The horse killed in the explosion was not one of those used by the Reid company this summer, and it is assumed it was sold to a dealer in the fall of 1918 or 1919.

Records of the company have been searched by Department of Justice agents and the police. No information regarding the records of the sale of the horse were available at the company's office to-day for any except the official investigators. The only information Mr. Wedler said he was at liberty to give was that the company's sales were open to all dealers and had been widely scattered.

The tag is issued by the health authorities to show the horse has been inspected and is free from glanders. It was not discovered on the dead horse until the carcass was about to be moved to Harbin Island three days ago.

WITNESSES TELL OF MAN WHO ASKED FOR HORSE AND WAGON.

Raymond Clark and George Heffner, employees of the A. A. Volk Company, contractors for clearing the site of the Stock Exchange annex, went before the Grand Jury to-day to repeat their statement that a man was hanging about Wall and Broad Street after the explosion who said that the dead horse lying in the street belonged to him.

Both witnesses tried to get the man off the staging over the excavation on the southwest corner. He was allowed to remain when he explained that he

ORGANIST IS KILLED BY FALL AT SCHOOL

Skull of Carl Kebart, Brooklyn
Musician, Fractured When He
Tumbles Out Window.

Carl Kebart, organist of the Church of St. Mary Queen of the Angels, at 301 South Fourth and Tweed streets, Brooklyn, died early to-day at the Williamsburg Hospital, after falling out of the back window of the school room of the church a few hours before.

Kebart fell two stories into the court yard. Dr. Gulkberg, of the Williamsburg Hospital, said the organist had a compound fracture of the right hip and a fracture of the skull. He was thirty-six years old and lived at No. 376 Grand Street, Brooklyn.

LILLIAN RUSSELL, SPEAKING
FROM SEN. HARDING'S PORCH
ON WEDNESDAY, SEPTEMBER 22.

MILLERAND CHOSEN FRENCH PRESIDENT BY GREAT MAJORITY

Gets 695 Votes Out of a Total
of 892 in the National
Assembly.

VERSAILLES, Sept. 23 (By Associated Press).—Alexandre Millerand was to-day elected President of France by the National Assembly in session here. He succeeded Paul Deschanel, who resigned because of ill health.

M. Millerand received 695 votes out of a total of 892. The complete vote was as follows: Alexandre Millerand, 695; Gustave Delory (Socialist Deputy from Lille, Department Du Nord), 60; scattering, 20 blank ballots.

The Assembly was called to order by Louis Bugey, the President of the Senate. Premier Millerand, whose election to the Presidency had been foreseen by the action of the Parliamentary caucus yesterday, when he received an overwhelming preponderance of the vote cast, was given a great ovation.

ASKED TO THROW GAME IN CHICAGO, DECLARES BENTON

Giants' Pitcher Says Herzog
and Hal Chase Made the
Proposal to Him.

HERZOG MAKES DENIAL.
Asserts Benton Told Him He
Had Won \$3,400 Betting
on Cincinnati Reds.

CHICAGO, Sept. 23.—Jacob "Rube" Benton, New York National League Club pitcher, who arrived here to-day to testify before the Grand Jury investigating reports of "fixed" baseball games, asserts in a signed statement published by the Journal, that Charles "Buck" Herzog and Hal Chase proposed to him that he join the last game the Giants played in Chicago last year.

No mention was made of the amount he was to receive if he "threw" the game, the Journal quotes Benton as saying, but after the Giants won, 6 to 2, Holme Zimmerman, who had been suspended the night before, is said to have stopped Benton in a hotel lobby and said:

"You poor fish, don't you know there was \$400 waiting for you to lose that game to-day?"

Benton will appear before the Grand Jury this afternoon.

Herzog, in a statement this morning, said he had been accused of offering Benton \$400 to lose the game, but denied he had ever been involved in any crooked work, and declared President Heydler of the National League had investigated the reports and then issued a letter exonerating Herzog.

The club second baseman also asserted Benton told him in New York that he won \$3,400 betting on the Cincinnati Reds in the World Series last year, and that he bet on a tip telegraphed him by Hal Chase. Herzog produced affidavits by Art Wilson and Norman Hecker of the Boston National League Club, asserting they were present at the meeting between the Cub player and Benton and overheard the conversation.

President Heydler telegraphed the State's Attorney to-day that Umpire Harry McCormick, who officiated in the game between the Cubs and Philadelphia Aug. 31, when it had been charged professional gamblers won large sums by backing Philadelphia to win after Cub officials had received a half-dozen telegrams advising them of a plot involving Cub players in a plan to lose the game, had been assigned to umpire in Chicago next week so he could appear before the Grand Jury.

WHISKEY FOUND IN "BOMB" BUGGY

Marshals Find Twelve Bottles in
Seizure Near Federal Building
in Brooklyn.

Twelve bottles of whiskey instead of a bomb were discovered to-day by Deputy Marshals guarding the Federal Building in Brooklyn, when they seized a dilapidated old horse and buggy in Adams Street, back of the building.

The two men in the carriage were arrested on charges of violating the Volstead Act, and the horse and buggy were taken to a nearby feed yard. Arraigned before United States Marshal McNamee, the men gave their names as Robert Blane, of No. 191 Union Avenue, and Thomas J. Filipek, of No. 432 Rodney Street, Brooklyn. They were held in \$250 bail each. The guard of the Federal Building continued.

WORLD RESTAURANT.
